

## Ars Sulf Flav 3X

**Introduction:** This remedy is of service in cases of leucoderma and squamous syphilides, the indication being chafing about the genitals. This is a remedy that will be needed in cases that look like the old malaria patients with abuse of quinine. It will be of use when there is great weakness and lack of reaction and in cases where eruptions have been suppressed and a chronic condition has settled in. It should be tried in chronic, obstinate, and long standing asthma cases complicated with rheumatic and arthritic conditions, especially when Sulphur or Arsenicum or both have been tried with only partial effect.

**Synonym:** Arsenious Sulphide, Orpiment,  $\text{As}_2\text{S}_3$ ;

**Source:** yellow sulphuret of arsenic. This is a lemon-yellow powder, becoming darker when heated, and is without taste or odor.

**Preparation:** Triturations

### Guiding symptoms/Indications:

- \* Needle pricks from within outwards in chest; also on forehead, right side.
- \* Sticking behind ear.
- \* Difficult respiration.
- \* Skin chafed about genitals.

Leucoderma and squamous syphilides.

Sciatica and pain around the knee.
