

Laxova™

Generic Name	Psyllium Husk
Brand Slogan	Natural fiber powder for drink
Composition	<p>For Container: Each supplied spoonful (5.38 g) effervescent powder contains active compound of Psyllium Husk 3.5 g.</p> <p>For Sachet: Each Laxova™ sachet contains Ispaghula husk (<i>Plantago ovata</i>) 3.5 gm.</p>
Description	<p>Why we should take Laxova™?</p> <p>Psyllium Husk powder is a mild laxative and it contains 80% soluble fiber and 20% insoluble fiber. Psyllium Husk is capable of absorbing up to 40 times of water of its own weight and part of its activity can be attributed to its action as a simple bulking agent. The main chemical ingredient of Psyllium Husk is mucilage; very useful in chronic constipation, piles or haemorrhoid. It is also helpful for the treatment of colon cancer. It has also soothing effects on the gastric & intestinal mucosa and hence effective in gastric irritation and ulceration. It works by increasing bile acid loss from the body by trapping bile acids in the small intestine. Since cholesterol is used in the production of bile acids, cholesterol levels in the blood are reduced when more bile acid is made. High-fiber meals of Psyllium Husk significantly increase the production of a hormone called glucagon-like peptide-1 (GLP-1), a hormone known to reduce blood sugar levels that are suitable for obese & diabetic patients.</p> <p>What are the unique features of Laxova™?</p> <ul style="list-style-type: none"> • Laxova™ is made from Psyllium Husk with the help of speed ultrafine milling machine to reduce the particle size of Psyllium Husk Powder. Small particle size of Psyllium Husk increase the volume of swelling capacity that is much more effective to increase the stool mass than the ordinary Psyllium Husk. • Easy mix formula. • Sugar free. • Orange flavored drink. • Gluten free (can be taken by celiac disease patients). • Non-genetically modified. <p>What are the advantages of effervescent Laxova™ uses?</p> <ul style="list-style-type: none"> • Effervescent containing Psyllium Husk mix with water quickly

	<p>than ordinary Psyllium Husk, as consequence it to be taken after mixing instantly.</p> <ul style="list-style-type: none"> • Psyllium Husk quick eliminate the stored gas from stomach through the belching process because in addition of effervescent agent.
